

Record Settlement for Death of 88 Year-old Women

A record-high settlement of \$2.5 million for the death of an 88-year-old woman was reached in pre-trial mediated conferences by Francis Patrick Murphy, a partner at Corboy & Demetrio, who represented Sallie Lenn's estate. While riding as a passenger in her daughter-in-law's car, Sallie Lenn suffered a fractured neck when the car was hit from behind by another car. Multiple surgeries were needed to stabilize the break due to the brittleness of her bones. After almost 5 months in hospitals and nursing facilities, Lenn died of complications from her injuries.
