PERSONAL INJURY & WRONGFUL DEATH

When you or a loved one are injured or killed because of the negligence of another, you may have a personal injury or wrongful death action. For more than 60 years, we have represented plaintiffs in a wide range of cases who have been injured or killed:

- in an airplane crash or helicopter crash;
- due to the medical malpractice or negligence of doctors, nurses, dentists, hospitals;
- in car, truck, bus, cab, ambulance, police car, motorcycle accidents and crashes;
- by defective, unsafe, hazardous products;
- in businesses, homes, offices that are unsafe and dangerous;
- by a train, railroad, Metra train, CTA train, dangerous and unsafe railroad crossings;
- while on a construction and workplace site;
- in a gas, oil, electrical, chemical fire or explosion;
- and in all other areas of personal injury.

Since the requirements for filing, pleading, preparing and trying a personal injury or wrongful death case can differ depending on the state or county in which the negligence occurs or where the lawsuit is filed, it is best to consult a Chicago personal injury lawyer who is qualified, experienced and successful to determine if you have a meritorious case.

The Chicago personal injury lawyers at Corboy & Demetrio have represented hundreds of individuals injured or killed as the result of the negligence of others. Our team of lawyers consists of highly experienced and successful Chicago personal injury lawyers dedicated exclusively to the evaluation, preparation and trial of personal injury and wrongful death cases.

Our success in representing victims in personal injury and wrongful death cases has been exceptional - our Chicago personal injury lawyers have acquired over $4 billion in settlements and verdicts, of which nearly 600 were in excess of $1 million.

Our Record of Success in Personal Injury and Wrongful Death:

*A $75 million global settlement for the 10 victims injured or killed when a scaffold collapsed and fell from the John Hancock building in Chicago.

*A $29.6 million record-setting verdict for a passenger injured when a Metra train derailed. It is the largest verdict in Illinois for a person injured in a mass transit crash.
PERSONAL INJURY & WRONGFUL DEATH

* A record-setting $25.2 million settlement for the death of a passenger in an airplane crash. The previous top record, a $25 million settlement, was also acquired by Corboy & Demetrio.

*A $22 million verdict for the death of a young mother who died after childbirth because a doctor and nurse failed to properly treat her high blood pressure. It is the largest verdict in Illinois for the death of a woman.

*A record $40 million verdict for a woman, who was seriously injured, and her husband, when the woman’s car was hit by a truck.

To consult with a personal injury lawyer at Corboy & Demetrio, call 312.346.3191. We are available 24 hours a day, 7 days a week.
